RE: Internship Certificate

To Whom It May Concern:

Neeraj Gopalakrishnan successfully completed a 5-week internship from July 19th, 2022, to August 22nd, 2022, with Danlaw, Inc.

Neeraj's internship project was learning Speech Emotion Recognition using machine learning. His responsibilities and results included putting together a relevant problem statement, researching techniques, producing a working demo of his solution, and presenting his work.

During his internship with us, Neeraj was hard-working, communicative, and cordial.

Sincerely,

A handwritten signature in black ink that reads "Jennifer Blakley". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Jennifer Blakley
Human Resources Manager
